### **Bartlett Library offers digital magazine service**

Wish you had the ease and capability of viewing your favorite magazines on your computer or phone with just a push of a button? The Bartlett Library makes that possible through Flipster.

Flipster is a next-generation magazine service that allows patrons to browse digital versions of the latest issues of popular magazines the Library subscribes to. Patrons can access content at the Library or remotely, and magazines can be downloaded to Android phones and tablets, Apple phones and tablets and Kindle Fire tablets for offline reading anytime, anywhere.

The Bartlett Library makes it possible for patrons to browse top magazines covering fashion, leisure, current events, business and more without costing a single dime.

In order to view Flipster on a phone, tablet or computer, go to the Bartlett Library website, click on "Books, Movies, Music & More," then "Download & Stream," and then "Flipster (eMagazines)." It's that simple! Click on any magazine you want to view in your browser. You can access Flipster from anywhere as long as you are connected to the Internet.
